

From the Presidents Desk...

Hello MFGRC Members -

Pardon the pun, but the dog days of August are upon us....don't know about the rest of you, but my goldens and I have been trying to avoid the heat and humidity as much as possible! I've been making batches of Frosty Paws for our golden kids, using the recipe that **Patti Toms** shared with us last year, and those ice cube sized frozen treats have disappeared faster than you can say "sliced banana!" They smell yummy too!

Speaking of the heat, we had a Fun Day and meeting at the Best Paw training facility out in Osteen on Saturday, August 14th. Those of us who attended agreed that between the big gazebo and its' misting system, the ice cold bottled water, and the ice cream cake that PJ bought for us, it actually wasn't too bad to be out there. Of course, our goldens loved the swimming (wading) pools that PJ had filled for them. Our sincere thanks go to **PJ Lacette** and her husband Larry for being such gracious hosts!

Our next meeting will be held around noon, on **Sunday, September 5th**, during the midday lunch break at the Dog Obedience Clubs of Florida (DOCOF) competition. This statewide team event is always a fun day to be a spectator or a participant. Our Team Captain **Robin Scott** always does a marvelous job of organizing MFGRC's teams, not to mention the team members' food "contributions". There is no charge to watch DOCOF – no parking fee either - and we would LOVE to have club members there to cheer for us! We'll be the teams in the bright pink (or as the guys call them, "raspberry") t-shirts. DOCOF is held at the Fairgrounds on Hwy. 50 / Colonial Drive in Orlando, the same location as the June Specialty. We hope you'll come join in the cheers for MFGRC!

Special kudos go out to **Caroline Roetzer**, who has agreed to serve as Chairperson for next year's Specialty, and to **Sheree Melhuish**, who is not only assembling what is sure to be a one-of-a-kind raffle basket for this year's National Specialty, but who has also volunteered to be Trophy Chair for the 2011 Specialty. Our sincere thanks to both of you!

We have numerous events planned for the Fall – the September Hunt Test in Montverde, a Certificate of Conformation Assessment in early October, our annual Agility Trial the last weekend in October, and the WC/WCX in mid-November. Specific dates are on the calendar of events in this issue - I hope to see you at one or more of these terrific events!

Debbie Finch

From the Editor:

Almost September, and officially summer is coming to a close. Depending on your outlook, we are very fortunate to have our warm weather linger a bit longer to enjoy the outdoors, the water sports and the fun in the sun.

We had lots of fun at the Field Day at Best Paw Forward on Saturday, August 14, but it sure was hot. If you haven't been there, PJ Lacette has a wonderful set up with rings for agility, conformation, obedience and rally. Thanks to their large gazebo that provides abundant shade along with the fans and the misters, the day was very pleasant. Lots of dogs were enjoying the kiddie pools and just running around, being our wonderful goldens!

I am gainfully employed once again, and in a job that I just love. It is pet related, which is something I have wanted to do for years. No more corporate world for me. I go to work in jeans and a t-shirt and I get to talk to animal lovers all day long. I am very grateful that this opportunity came my way and to work with people whose company I enjoy. Levi can come to work with me once in a while, and though he is not exactly thrilled that Mom isn't around to cater to his every whim every day, he likes the fringe benefits of the treats and yummys I bring home every week.

Lots of great stuff to look forward to: DOCOF on Sunday, September 5, 2010; the Fall Hunt Test on September 18 and 19; CCA on October 10, and then our big Agility Trial at the end of October at beautiful Turkey Lake Park in Orlando. Our Club has so many and varied activities for all of us to enjoy.

Pix N Pages is also coming to the Hells on September 25, 2010 to take portraits again this year! This is a great opportunity to get a special portrait of your adored pets, whether for Christmas cards or just to keep for yourself.

Did any of you see the NatGeo special "And Man Created Dog?" Levi enjoyed it, though he thinks the science stuff gets kind of boring. He especially liked the wolves and the segment about the golden assistance dog.

If anyone is going to the National Specialty in Colorado next month, we would love to have any pictures you take to put in next month's issue.

Looking forward to a great Fall with the Club, and to seeing many of you in the coming days!

'Til next month!

Amazing! That is how they describe Lacey at the assisted living facility and the hospitals where she does her therapy visits. Lacey recently received the Therapy Dogs International "Exceptional Volunteer Award" for her therapy work the past several years. Lacey's therapy visits start on Monday at 4:00 p.m. We visit Covenant Village, an assisted living facility. Lacey feels especially close to one resident in particular. Her name is Julia. She just turned 101 years old and is blind. Lacey runs to Julia first thing. Julia feels Lacey's face and puts her hands all over Lacey. That gets a big smile from Julia. Lacey then goes off to greet the other residents, one at a time who are sitting in a circle. After each visit Lacey returns to Julia. Julia feels Lacey's face and off she goes to someone else, each time returning to Julia. It's like Lacey is telling Julia not to worry, "you're still my favorite." It is truly amazing to watch this interaction. There are residents with different levels of infirmities. Lacey makes sure no one is left out of a visit. Those afflicted with Alzheimer's find great comfort in Lacey's visits.

It's Wednesday morning. We are off to Memorial Regional Hospital. Starting on the 8th floor and working our way down, we first visit the nurses' stations on each floor. Doctors and nurses need their "golden fix" like everyone else. They all love Lacey's visit. We then knock on patient's doors asking if they would like a visit.

There are numerous situations where Lacey has helped ease the pain of so many patients. Recently we knocked on a patient's door and were asked to come in. There were family members gathered around the patient's bed with a hospital interpreter. No one spoke English. They were trying to get the patient to sign a release form allowing for a serious operation she needed at once. She was refusing to sign. Lacey got in bed with her. She took Lacey's head in her hands and stayed that way for a long time. I explained that we had many other patients to visit. Before leaving I pinned a gold "guiding angel" on her gown. She kissed Lacey. In the hall, as we were walking to go to another room, the interpreter came after us to tell us that the patient signed the release form. Lacey was the sign she was waiting for. Need I say, we all had lumps in our throats and wet eyes. Wow, incidents like that speak louder than words can describe.

After our visit with the grown-ups at Memorial Regional, we are off to Joe DiMaggio Children's Hospital. This is where Lacey is truly "amazing." She gets in bed with the kids while they are going through treatments. She is so gentle and understanding. The kids hug her and kiss her. This seems to ease their pain. It takes their minds off of their problems for the a short time. It's worth every minute. The parents get their cell phone cameras out and snap away. There are smiles. During Lacey's visits she has grown attached to some of the kids that are regulars on Wednesdays. We have wallet size cards made up (like baseball cards) with Lacey doing different activities like swimming, jumping in obedience ring, running in the field, etc. These are given out to the kids. They are told that "Lacey has signed them for you" The pictures have paw prints stamped on the back. This always get a big laugh. To see these kids laugh is hard to put the feeling into words. They collect the pictures and display them in their rooms.

There is a close circuit T V station at Joe DiMaggio. I was asked recently if I would like to read a story over the T V to the kids. Each room has a T V. I thought it would be fun. I had Lacey laying down in front of me while I was in a rocking chair reading a dog story. They say it went over real nice. It was fun for us. They run the tape during the day for the kids. I was introduced as "Uncle Dennis." Another story is in the future.

On Thursdays we visit Memorial South Hospital in the mornings. Our first stop is hospice. Here Lacey does magic to the fullest. She seems to know these are special visits. Lacey sits by the beds of those that can reach her and they just pet her gently. Those that can not touch her, tell us of the dogs they owned in their life. We listen to their reminiscing. Just being a good listener is therapeutic. Lacey is asked when she will visit again. From hospice we are off to the rehab section. Here Lacey is actually doing therapy work. Many of the patients have had strokes. They have lost movement in the arms and hands along with difficulty with speech. Lacey is asked to come over and sit on the side of the patient where they can pet her. They pet Lacey and massage her with their fingers. We are then ask to move on to another patient by the therapist in charge. The patients with speech problems are asked to say words like "Lacey", "dog", "pet" and "golden." Lacey's picture is posted on the bulletin board. This lets the patient know she is part of the therapy treatment. It's a great feeling to see Lacey doing her work.

Lacey is an outstanding representative for the Golden breed. She is driven to do her best in the obedience ring, rally ring, and during field work. She is a completely different, compassionate dog when she is doing therapy work. We are so very lucky to be a part of her life and have her own us. Lacey is loved by all that meet her and Lacey gives the love back to all. What a retirement we are having. Nothing like giving back. Lacey is an "amazing" dog.

Certificate of Conformation Assessment (CCA)

(Source: www.GRCA.org)

What is a CCA?

A CCA evaluation is a non-competitive area of participation in conformation where golden retrievers are evaluated against the Breed Standard. The owners are given a written assessment of their dog, which provides information not available in the show ring. The CCA tests each individual dog in ten categories on physical conformation and temperament. Three evaluators are used, of which two must be licensed AKC judges and golden retriever breeders, and are chosen because of their experience and background.

The CCA is open to all registered or ILP goldens over 18 months of age, including those dogs which have been spayed or neutered.

In addition, passing the CCA provides one conformation point, which can be used toward the GRCA Versatility titles (VC, VCX).

What are the qualifications for evaluators?

Category I evaluators must be approved AKC or CKC judges in good standing, are Golden breeders and/or have had at least two years of experience in judging Golden Retrievers.

Category II evaluators must be a breeder and owner of Golden Retrievers with ten years experience in Golden Retrievers; has bred at least three Golden Retriever litters; and has owned at least five different Golden Retrievers with any of the following titles: (a) AKC champion; (b) AKC UD or TDX; (c) AKC MH, SH; (d) AKC AX or AXJ.

All evaluators must have an understanding of retrievers and sporting dogs, including the purpose and function of the Golden Retriever. Evaluators must also be familiar with the process of evaluating dogs against the breed standard, rather than simply comparing dogs to each other. Evaluators must also be willing to give a written opinion on each dog.

For more information, see the attached "Frequently Asked Questions". Additional details on the CCA are also available on the GRCA website at www.GRCA.org.

Certificate of Conformation Assessment (CCA) FAQ's

1) What is the original intent of the CCA?

Twofold: (a) to provide a NON-COMPETITIVE area of participation in conformation where dogs are assessed against the Breed Standard rather than merely against other dogs present and (b) to give owners written reports as to the evaluators' assessments which will provide information not available in the show ring.

2) How does the CCA compare to other basic non-competitive, entry level tests offered to Golden Retrievers?

Both the Hunt Test and WC programs require an average passing score of 7 points in all categories and the number of attempts is not limited.

The CCA program is also on a point scale requiring the dog to score a minimum of 75 or higher out of 100 possible points, broken down into ten categories. A non-competitive CCA event tests the individual dog on the physical conformation and temperament qualities as set forth in the Breed Standard. There is a limit on the number of attempts that can be made. It also has a mandatory pass for temperament and sets a minimum age of 18 months. While the conformation quality of a retriever MAY improve with maturity and conditioning, the basic structure changes very little.

The CCA, WC, and Hunting Test programs are similar in that they all reward very good to excellent representatives of the breed by comparison to an impartial criteria without bias or dog-to-dog competition, and they all test the desired physical and/or mental attributes of a sound hunting companion.

3) Why have a seemingly high percentage of dogs passed so far?

In most cases people are not likely to enter their dogs if they don't have a reasonable expectation of qualifying, so poorer dogs will not often be entered. If the quality of the dogs entered is high enough it is conceivable that all could pass. The success of the program cannot be based on how many pass or fail.

4) Is there any difference between a CCA from three Category 1 evaluators versus a dog that obtains the title from a panel that was not all from Category 1?

No. All evaluators are chosen because of their experience and background and a willingness to give a written opinion and scores. At least two of the qualifying scores must come from Category 1 evaluators in order to obtain the title.

5) Why wouldn't GRCA require all CCA evaluators to have bred, exhibited and had success with Golden Retrievers only?

There are certainly knowledgeable and capable people judging Golden Retrievers for the AKC whose primary breed is not ours, and many who come from other Groups as well. They add their wider experience to the pool of evaluators, and there is a place for varying emphasis within the program, just as there is in the show ring. There are also performance people who have a strong dual knowledge of what is required to produce physically good retrievers.

6) How many evaluators are there?

Approximately 4 dozen presently. We initially invited all breeder-judges of Golden Retrievers to apply and more than half of them did. Some people applied through the form posted on the website. A number of versatile breeder-exhibitors are being contacted to expand the Category 2 listing...not all experienced people necessarily want to become AKC judges. In order to make the program viable for hosting clubs a broad geographical listing is desirable.

7) How does the CCA Title add point value to the VC/VCX Program?

Listed below are reasons the CCA adds value and how it could compare to other titles:

Limited tries, a dog can't campaign indefinitely for this title.

Qualified Evaluators with breed experience.

In-depth evaluation of the Golden's conformation not biased towards styles or trends and focused on breed purpose.

Open to all registered or ILP Golden Retrievers over 18 months of age including those which have been spayed or neutered.

No limit to how many dogs can earn this title in a calendar year. Which means if our breeders are breeding more dogs to the standard there is no penalty because of sheer numbers.

Other entry level titles have unlimited tries and can be trained with limited experience and inherited basic instinct.

Many titles that are awarded a high point value in the Versatility titles have no relation to the standard. They require a trained and talented Golden.

Many Golden Retrievers with good to excellent conformation will not be campaigned in the show circuit due to time, money or interest.

If we only scored the field titles based on competitive dog comparisons then none of the WC programs or Hunt Test Programs could count towards a Versatility title because there is no comparative judgment in those events.

Although this is not an official temperament test it is a component of the CCA title.

Experienced breeders and competitors who are not approved AKC judges may qualify and make a difference by becoming CCA Evaluators.

We have put faith in our evaluators, that they award very-good to excellent representatives of the AKC Golden Retriever Standard with a CCA title.

8) Why does the CCA limit attempts to only six evaluations and why can you see such a difference in scores between some of these evaluations?

The primary objective of the CCA Program is to be very rewarding as an educational experience. The goal of the program is to have everyone walk away with respect, admiration for their Golden and a good understanding of the breed standard. Secondly, we put faith in our qualified Evaluators to be objective, educational and reward (with qualifying scores and honorable mentions) good to excellent representatives of the breed in relation to the standard regardless of styles or trends etc. The scores will always differ to varying degrees since the standard leaves room to be subjective. However, the key to managing these differences is to award a dog that is ABLE to obtain three qualifying scores or honorable mentions from the 3 different Evaluators in a limited amount of tries regardless of individual preference or style. The limit was never meant to weaken chances at a title; it was put in place as part of the requirement to earn a CCA Certificate. The requirement being, the dog must receive a qualifying score or honorable mention at a MINIMUM of 50% of its evaluations without the owner/entrant being able to select the Evaluators individually.

9) Can you enter under the same Evaluator twice?

As a participant you will always have the right to choose the CCA Events you wish to enter but the dog must be entered under all the Evaluators on the premium list. A dog may be entered under the same Evaluator twice but only one qualifying score may count towards a CCA certificate. Entering under the same Evaluator could lessen your chances of earning the CCA title if you already have a qualifying score from that individual. However, if a previous score wasn't qualifying there is always a possibility the dog may receive a better score the second time under the same Evaluator. Dogs can look different on a different day.

10) What do I bring to a second event if my dog has qualifying scores from a previous event?

It is a good idea to bring the paperwork showing previous qualifying scores with you. Make sure the CCA Event Secretary is aware of your prior passes when you arrive at the second event or send a note along with your entry form. Also, we would hope and expect people to honor an entrant's word and everything is verified with the CCA Committee before the actual certificates are mailed out.

11) May the host club limit how many dogs an individual owner can enter?

The CCA Committee does not place any restrictions on host clubs regarding limits except that only 1 entry per dog may be accepted. An example of a host club limitation might be: "No owner may have a second dog chosen unless the first dog of all applicants have been accepted." The host club may also choose NO limits or to limit owners to two or three or four dogs in an effort to be fair to all applicants. It is our hope that many future events will meet demand and host clubs will not have to favor limits.

You have a kiddie wading pool in the yard, but no small children.

Lint wheels are on your shopping list every week.

You have baby gates permanently installed at strategic places around the house, but no babies.

The trash basket is more or less permanently installed in the kitchen sink, to keep the dog out of it while you're at work.

You refer to yourselves as Mommy and Daddy.

Your dog sleeps with you.

You can't see out the passenger side of the windshield because there are nose-prints all over the inside.

You have 32 different names for your dog. Most make no sense, but she understands.

You like people who like your dog. You despise people who don't.

You carry dog biscuits in your purse or pocket at all times.

You talk about your dog the way other people talk about their kid.

You sign and send birthday/anniversary/Christmas cards from your dog.

You put an extra blanket on the bed so your dog can be comfortable.

Your hungry hubby once ate the dog food and asked for seconds.

You don't give a second thought to using the brush you just used on your dog to give a quick run through on your own hair.

At your dinner parties, you always double check the butter before putting it on the table.

You put important papers in your latest issue of your breed magazine you know you will find them there.

You have dog hair stuck on tape on wrapped gifts.

From Macy & Bob Swift - Topbrass Gotta Lovett, aka Lyle, earned his second CD leg at the Sandlapper Specialty in Greenville, SC on Thursday, July 29, and went on to earn his final leg and title at the Greenville KC show on Saturday. The same weekend Lyle wrapped up his Rally Advanced title, going 3 for 3 with placements and scores in the 190's. Now it's back to the field. His littermate, at 2 ½, qualified for the Master National, so the kid has some catching up to do. Lyle is now officially known as Topbrass Gotta Lovett CD RA SH WC.

Paula Cauley has some brags: HRCH Merichase Morninglo Whiz Kid, CCA, CGC, CD, SH, AXJ, MX, AXP earned 2 more MXP legs at the Tallahassee Agility Trial held the last of July. HR UH Gaylan's Safari Traxx, CGC, CCA, SH, OA, OAJ had several good runs (and a great time) but didn't get any green ribbons.

Gemini's Furst Draft (Ruff) took a 4 point major at the Salem, Virginia shows this month. He was expertly handled by Jane Myers. Ruff only needs 1 point to finish his championship and become CH True's (Daddy) second champion get. Ruff is owned by Kathy Cudak and bred by Candi and Dick Pearce.

SUMMERTIME!!!!

Well, since no one else submitted a Summertime picture, I decided to put up two of my favorites. This is Levi (Smudge in the background) doing what he loves the most — floating on HIS raft in HIS pool on a warm summer day.
